

**COLOURWAVE™**  
NZ's favourite Summer Colour!

## Petunia® Heartbeat

- Colourwave Petunia Heartbeat is an adorable new variety with a compact mounding, strong branching growth habit, which becomes adorned with masses of petite flowers.
- The white flowers of this petunia are subtly patterned with pink hearts making this flower unique to any other petunia
- Charming in hanging baskets, containers and window boxes.
- Produces masses of small flowers which dry up and fall off when finished making this a self-cleaning variety
- Seasonal variations and changeable weather conditions can cause some colour variations in the flowers

Colourwave Petunia Heartbeat will be available at all leading garden retailers in summer, so place your orders now with your favourite local retailer so you won't miss out on this unique Petunia
